

NOMS 1 approved patented anti-ligature design (Patent No. 11797486-2423). Praised for its innovation, the Tricel anti-ligature custodial range has been designed and constructed for ease of installation and maintenance.

Applications

- Secure and standard cells
- Isolation units
- Holding cells

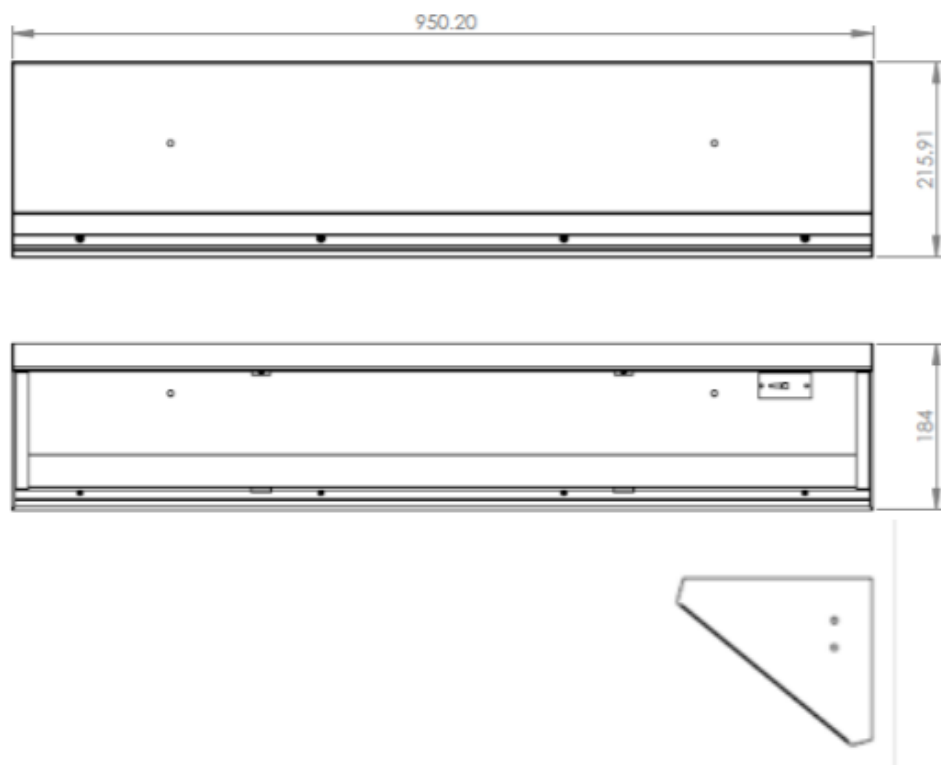

Features

- Pretreated steel with polyester coating
- RAL 9010 as standard
- Tamperproof screws standard
- The diffuser frame is regressed to the casing to eliminate ligature points
- Modular design allows fitting to be constructed on site from supplied sub-assemblies resulting in a lighter on-site build
- IP65
- IK10++

Options

- Integrated 3 hour emergency & optional self-test
- Dusk to Dawn POA
- Microwave POA

Dimensions (mm)

Lamp Types

30W LED	TC-30WLED
60W LED	TC-60WLED

Other LED options available on request

Sample Order Code

TC-30WLED	+	EMG	+	MWD	/	RAL 9010	/	OP
Luminaire		Emergency		Sensor		Finish		Diffuser
TC		Emergency = EMG		Dusk to Dawn = DD Microwave = MWD		RAL 9010		Opal = OP

TC-30WLED+EMG+MWD/RAL9010/OP = 30WLED, Emergency, Microwave, RAL9010, Opal Diffuser
