

SW-10

Heritage

Interior

Coughtrie

One of our first designs developed and tooled after WWII. Units are still working 30 years on. Today, as part of the heritage portfolio, applications range from outside coastal homes to inside trendy restaurants.

Features

- Die-cast aluminium top and retaining ring, pre-treated and polyester powder coated
- 20mm threaded top entry and moulded nitrile sealing ring
- Clear wellglass as standard. Frosted glass available to order
- IP65

Options

- Black, Grey, White or Antique Bronze
- Any RAL colour POA
- Lamp (not included): Porcelain BC or ES
